

As experts in the field of single-column height adjustable desks, we must admit that we are quite proud of this series. 501-7 is a small computer desk with many uses. An excellent electric height adjustable desk at possibly the lowest price on the market is the ConSet reality. Built-in locking casters provide a mobile desk frame that can be used as a stand-alone unit or for group setups. The max load of 70 kg allows the frame to be used with a variety of top designs.
